

# How Allies Can Address and Prevent the Rise of Anti-2SLGBTQIA+ Hate

## Educate yourself and others

One of the most effective ways to address the increase of online hate and disinformation is to become informed and share what you learn with others. Spend time reading reliable sources and fact-checking information before sharing it with others.

## Talk to your peers

Create a safe space to discuss the issue and encourage open dialogue with your peers. Encourage them to challenge their own beliefs and biases. Collaborate to identify concrete solutions for supporting 2SLGBTQIA+ people in your lives.

## Be an Active Ally

Actively support organizations who are working to combat the rise of anti-2SLGBTQIA+ hate: Share their social media posts, provide a monetary donation, or consider becoming a volunteer.

## Take Action

Report it when you see anti-2SLGBTQIA+ hate and disinformation online. You do not have to engage with the original post but think about how you can counteract this information with reliable resources.

*Together we can stop the rise of anti-2SLGBTQIA+ hate.*
